**Subject:** Re: PFAS Community Meeting, Tuesday, May 8th, 1pm

Thanks so much, Jim.

I believe that Mary Jones and I met Mr. Locke on April 11th at the MassDEP meeting. I'm so glad we'll have the chance to catch him up on the recent developments out here in Westfield! I had actually considered dropping by their offices to leave a note.

One last, crucial question...

What's the closest place to your offices for travelers to get a decent coffee???

We look forward to seeing you tomorrow!

Kristen

Kristen.

In addition to Regional Administrator Alex Dunn, Deputy RA Deb Szaro, SF Technical & Enforcement Section Chief, and me from EPA, we will also be joined by Paul Locke, Assistant Commissioner at MassDEP, and Clark Freise, Assistant Commissioner at NHDES.

We're all set, Kristen. Give yourselves a little extra time to get through security at the main entrance. Call my cell when you get here; otherwise, there is an information desk at the top of the stairs on the right where I can meet you. Looking forward to seeing you all.

Good Morning,

Just a quick follow up confirming our meeting tomorrow at 1pm at the Region 1 Office at 5 Post Office Square, Boston, MA.

Sue Phelan from GreenCAPE and Laurene Allen from Merrimack Citizens for Clean Water, while unable to attend the meeting, are sending their thoughts with us as well. They will be included in a packet of materials we are compiling, which will be sent to all electronically as soon as it is available.

As requested, here is the final list of the four Coalition Members who can be in attendance, along with contact details:

Andrea Amico, *Co-founder*  
Testing For Pease, Portsmouth, NH

We very much look forward to meeting with you tomorrow, and appreciate this opportunity to discuss our concerns about the upcoming PFAS Summit.

EPA Region 1 is in a position to be a national leader in helping our affected communities address and recover from PFAS contamination of our natural resources and drinking water supplies. We appreciate your taking the time to speak with us about what supports are available to our impacted communities, and what more can be done if we all work together.

What an appropriate way to kick off National Drinking Water Week!

See you tomorrow!

Best,  
Kristen
